19. **Software**
20. **Institutions, services**
21. **Training and education**
22. **Not listed**

SOLAR PRAGUE

S1. Alternative sources of energy

- S1.1 Photovoltaics
- S1.2 Solar thermal power
- S1.3 Wind power plants
- S1.4 Small hydropower plants
- S1.5 Use of biomass
- S1.6 Cogeneration
- S1.7 Heat pumps
- S1.8 Use of waste heat
- S1.9 Other alternative energy sources

S2. Accumulation of energy produced

- S2.1 Electric accumulators
- S2.2 Heat accumulators

S3. Energy saving

- S3.1 Heat saving - low energy and passive houses
- S3.2 Electricity saving
- S3.3 Water saving
- S3.4 Solar energy products
- S3.5 Green transportation

S4. Financing, grants

S5. Consultancy, professional institutions, literature

CRAFT PRAGUE

R1. Tools, machinery and other equipment

R2. Work equipment of craftsmen

R3. Craftsmanship

R4. Institutions, services, education

R5. Traditions of craftsmen

PURPO PRAGUE

P1. Maintenance and cleaning of roofs and facades and other exterior surfaces of buildings

P2. Protection, maintenance and remediation of wood

P3. Building and greenery maintenance, and other FM services

P4. Maintenance and cleaning of interior spaces and surfaces

P5. Municipal technology, machinery and equipment for industrial cleaning

P6. Protective work equipment, catch systems for working at heights

P7. Occupational health and safety, education, consultancy
