Description of the exhibit

If you are submitting more exhibits, please use more forms.

The competition is intended for exhibits:

- that will be exhibited at the Roofs-Solar-Craft Trade Fair 2024
- whose parameters are comparable to the world level, bring progress and determine the development trend in their field, have an interesting technical solution, an unconventional idea, offer exceptional quality at an affordable price, are interesting from an ecological point of view, guarantee chemical and biological safety, are energy efficient, have general properties characterizing a gentle relationship with the environment etc.

The number of registered exhibits from one applicant is not limited.

Exhibits that have already been awarded at other exhibitions or in other competitions may be entered, but the Golden Roof Tile can only be awarded to the same exhibit once.

Main evaluation criteria:

original solution, technical parameters, durability, ecology, compliance with legislation

The applicant shall provide for assessment purposes:

A. Product description:

1. Characteristics and originality of the product
2. Technical parameters (dimensions, weight, ...)
3. Durability of the product (or the quality of the materials used)
4. Product aesthetics
5. The scope of the service provided (e.g. documentation for designers, ...)
6. The possibility of recycling after the end of the product's life
7. Others (e.g. impact on the environment, affordability, ...)

B. Attachment:

1. Declaration of Properties and/or Declaration of Conformity
2. Certificates, licences, test reports from independent entities
3. Documentation – pictorial, project, price list
4. Publications (e.g. professional articles in the press, ...)
5. Previous award info
6. Other

Note: Without filling in the place, date, stamp and signature, the application is invalid. Documentation and samples are not returned without request.

We agree to the terms of the competition.
